1st Announcement

Cologne, Feb. 1st, 2018

Dear colleague,

The 12th International Workshop on Subsecond Thermophysics (IWSSTP 2019) will be held from **June 3 – 6, 2019** at Institut für Materialphysik im Weltraum, Deutsches Zentrum für Luft und Raumfahrt (DLR), Cologne (Germany). Please mark the date in your calendar.

The workshop will cover all aspects of thermophysical property measurements under extreme conditions. This includes:

- Fast and transient methods (pulse and volume heating)
- Levitation techniques (on ground and under microgravity)
- Theory & Experiment

The emphasis will be on high temperatures and/or on the study of the behavior of matter under conditions close by and far away from thermodynamic equilibrium. There will be oral & poster sessions as well as contributed and invited presentations.

Registration and abstract submission will start by September 1, 2018. The deadline for abstract submission is January 14, 2019 and the participation fee will be due by March 15, 2019. Further details are found on the website www.dlr.de/iwsstp2019.

Please also check future announcements with more details and updates on guidelines, deadlines, the participation fee, the social program, etc.

We expect around 60 of the best scientists of the field, including yourself. A selection of the best papers will be published in the Journal “High Temperatures-High Pressures”.

We cordially invite you to join IWSSTP 2019, and welcome your submission.

Yours sincerely,

Jürgen Brillo
(Chairman)
